The 18th M.P.O.N.R. had 657 entries, 609 starters, and 594 competitors finished the race. A record number of entries and starters.

My congratulations to the winners and commiserations to the competitors who didn't go as well as they expected.

We were lucky with the weather, and the race wasn't without incidents, some serious and some lighthearted. I guess the best yarn we heard in the hotel motel on Sunday night was about the amphibious jeep that took to the water at Hollands Landing and was put about by a starboard call from one of the competitors.

The New Zealand entrants were enthusiastic about the race, and rumour has it they will be back in force next year, so frontrunners look out, the Kiwis are coming.

Thank you for entering in our race, and if you would like to participate in our sailing activities during the season, please do, you are most welcome.
