Caltex Marlay Point Overnight Race 1989

RESULTS :-

21st CALTEX MARLAY POINT OVERNIGHT RACE REPORT

The weather conditions are always a major factor in a race of this nature both for the organizing committee and the competitors.

This years race promised to be different from the last 4 or 5 with a weather pattern producing an Easterley influence. Saturdays started with rain from the east and by midday a steady 15 knots from the East was bringing competitors to Marlay Point in perfect sailing conditions. Mid afternoon the maximum wind speed reached 18 knots. This was predicted to drop during the night.

The race started in 15 knots at the scheduled starting times. The first yacht entered the straits close to 2200 Hrs. The Straits provided some challenging sailing with a strong tidal current flowing from Lake Victoria to Lake Wellington. The entrance to Lake Victoria at Hollands Landing proved for the lead boats a big challenge with winds reported to be on the nose at 25 knots and a big sea.

It was in this area that 2 Boatspeed 23 craft capsized. All crew were quickly accounted for and taken aboard rescue craft and later in the day their craft were recovered.

Approximately 0100 hrs the wind started to drop and by sunrise the wind speed was down to 5 knots. This created a slow finish for most of Division D, E. & F. Two other casualties were a Boro Viking 17 near the entrance to the Straits and a TS 16 at Marlay Point just prior to its starting time. Again all crew were quickly rescued.

It is interesting to note that with 80% of this years race being on the wind these long awaited conditions were appreciated by the very small group of keel boats which have been a part of the Marlay Point Race for 21 years and for Division B & C their patience was rewarded with a win in each division. Congratulations to all Division winning skippers.

We say congratulations and thanks to all skippers of all craft who this year displayed courtesy and good seamanship in the close sailing and strong winds. This makes every ones day and night a pleasant and enjoyable one.

Some statistics of this years race are as follows.

530 Entries received
35 Did not start
142 Did not finish
4 Disqualified for no Log
349 Finished

AND

35 entrants of the 142 DNF failed to report in. This failure does make race officials work difficult and in many cases very costly and time consuming.

To all who accepted the 21st challenge, we hope you have enjoyed yourselves and we look forward to renewing friendships again next year.

Glenn Dyer
Chairman & O.O.D.
21st M.P.O.N.R.
