"Just think Jenny, if I hadn't invested in this boat for the Marlay Point, you would have been getting all wrinkled up under a hot Mediterranean sun."

RACE REPORT O.O.D./RACE CHAIRMAN DENIS SHELTON

Well what can one say! The 22nd annual Marlay Point Race was again an unforgetable experience. What else can happen to our race. The Lake Wellington Yacht Club has been put under every type of pressure imagineable. Who would have expected the night to finish the way it did (certainly the weather forecasters had no idea). Even as late as 1.30 a.m. the Weather Bureau were unable to confirm wind strengths or forecasts.It appears as if the wind was very localized and about 12 hours ahead of prediction (also about twice as strong).For the record the maximum wind gust recorded at Gippsland Lakes Yacht Club, Paynesville, was 62 kts.Between 1.00am and 4.00am. wind strength was steady at 40-45 kts.

On the positive side nobody was seriously injured and many yachtsmen showed fantastic seamanship and courage. It never ceases to amaze the club on just how good skippers and crew are at sailing within their limitations and abilities in these conditions.

To those people whose craft suffered damage we offer you our sincerest sympathy and hope you are soon back on the water. To all our support team, The Gippsland Safety Council, S.E.S., Water Police, the radio operators from the Wireless Institute and especially Joy Croft, the voice behind the Coast Guard, Loch Sport, I offer you, on behalf of our club, our utmost thanks.

In the aftermath of such an event it is easy to abandon the whole idea of ever running another M.P.O.R., but who can deny the obvious fellowship, experience and the making of life long friendships to all of our faithful dedicated yachting fraternity.

The club again had had another enormous learning experience and we welcome constructive advice/criticism from all skippers on how we may conduct our race.We will again be closely examining all of our safety requirements and management for next year's race. We hope also that there are clearer safety guidelines and requirements from our yachting authorities so we may take all into account.

The club has tried very hard to please all competitors this year and a number of time adjustments have been made to some results (the value of logs and the ability to establish every boat's position has been invaluable this year).

The two protests have been withdrawn in consideration for time adjustments (always assuming that boats can verify their positions through their logs). The results in this mailing are final.

Rest assured that no stone will be left unturned in making every effort to assure 1991 M.P.O.Y.R will be better than ever. Thankyou to all those people who gave me encouragement and support for making my decision as I did. Thankyou also to my race committee, especially race secretary and O.O.D. 11, Glen Dyer, for his magnificent effort in getting the finish line set up and operational 12 minutes after the race was officially shortened.

Finally thankyou to all you wonderful competitors whose courage, dedication, seamanship and commonsense in this crazy sport of ours, never ceases to amaze me.

STATE TEAM TROPHY: VICTORIA

REVERIE	ETCHELL	? PETER BULL
